

OVID Nursing Full Text Plus – Advanced Search

The **Advanced Search** option in the OVID Nursing database allows you to find articles in a specific and targeted way. This method of searching uses a **controlled vocabulary**, so rather than finding articles that may only **mention** your search term, you can find articles that are **focused on** your topic.

Anyone may come to the library in-person and use OVID Nursing Full Text Plus.

To use the OVID database from outside of the library building, you will need to be an “**authorized user**.” An **authorized user** is a current **New Jersey State employee** or a **Thomas Edison State College staff member, student or mentor** with a New Jersey State Library card. You will need the barcode number on the library card to gain access to the database. Authorized users may request a card online here: http://www.njstatelib.org/research_library/get_a_library_card/

Locate OVID Nursing Full Text Plus

Go to the **New Jersey State Library** main page: <http://www.njstatelib.org/>

Select the **Research Tools** tab and then select **Databases**.

Use the **By Title** drop down box and select the letter “O.”

Scroll down and select the link for **OVID Nursing Full Text Plus**. [**Authorized Users**: You will need to enter your barcode number at this point]

The database will open on the **Basic Search** page. Select the **Advanced Search** link.

Note: Be sure that “**Map Term to Subject Heading**” box is checked. This will ensure that the search will look for the controlled vocabulary terms necessary for an Advanced Search.

[Note: At this point you can select any **Limits** you wish to use.]

Search example: pertussis

The screenshot shows a search interface with the following elements:

- Navigation tabs: [Basic Search](#) | [Find Citation](#) | [Search Tools](#) | [Search Fields](#) | [Advanced Search](#) | [Multi-Field Search](#)
- Resource information: 1 Resource selected | [Hide](#) | [Change](#)
- Database: Ovid Nursing Full Text Plus
- Search criteria: Enter keyword or phrase (* or \$ for truncation) with radio buttons for Keyword (selected), Author, Title, and Journal. The search term is "pertussis".
- Search button: Search
- Limits section (indicated by a red arrow):
 - Map Term to Subject Heading: (indicated by a red arrow)
 - English Language:
 - Female:
 - Full Text:
 - Publication Year: - [] - []
 - Point of Care: - []
 - Training and Development: - []

The next screen tells us that the subject heading for Pertussis is “**Whooping Cough.**”

Notice that the “**Auto Explode**” box is checked. When this is checked, any narrower terms for the term you chose will also be included in the search.

Your term mapped to the following Subject Headings:

Click on a subject heading to view more general and more specific terms within the thesaurus.

i Any term you select will automatically be exploded to include all narrower terms. To select a term without exploding, clear the Explode check

See term mapped to thesaurus term

Include All Subheadings

Combine selections with: OR []

Continue >>

Select	Subject Heading	Auto Explode
<input checked="" type="checkbox"/>	Whooping Cough	<input checked="" type="checkbox"/>
<input type="checkbox"/>	pertussis.mp. search as Keyword	

? Hints:

- Click on a Subject Heading to view its thesaurus - related terms that are more general and more specific.
- Select the Explode box if you wish to retrieve results using the selected term and all of its more specific terms.
- If your search did not map to a desirable subject heading, select the box Search as Keyword.
- If you select more than one term, you can combine them using a boolean operator (AND or OR).
- If you wish to see the scope note for any term or heading, click on the information **i** icon, when available.

Clicking on the subject heading will show you any **broader, narrower, or related terms**.

In this example, **Whooping Cough** has no narrower terms.

Combine selections with:

Select	Subject Heading	Auto Explode
<input checked="" type="checkbox"/>	Immunization	<input checked="" type="checkbox"/>
<input type="checkbox"/>	vaccination.mp. search as Keyword	

? Hints:

- Click on a Subject Heading to view its thesaurus - related terms that are more general and more specific.
- Select the Explode box if you wish to retrieve results using the selected term and all of its more specific terms.
- If your search did not map to a desirable subject heading, select the box Search as Keyword.

Click **Continue** to perform the search.

To **combine the 2 searches**, use the **Search History**. Click to expand the Search History section. From the search history, you can combine any of your previous searches.

The screenshot shows the Ovid search interface. At the top, the Ovid logo is on the left, and "My Account" and "Email A Librarian" are on the right. Below the logo is a navigation bar with "Search", "Journals", "Multimedia", and "My Workspace". A "Search History" section is highlighted with a red circle, showing "(2 searches) (expand)". Below this is a "Basic Search" section with a search bar and a "Search" button. Under the search bar, there are several filter options: "Limits (close)", "Include Multimedia", and "Include Related Terms". The "Limits" section is expanded, showing checkboxes for "English Language", "Full Text", "Male", and "Female". At the bottom, there are two dropdown menus for "Publication Year".

Select the searches you want to combine and then choose the **Boolean operator, AND**.
